

Notice to Eligible Employees

INFORMATION CONCERNING YOUR PARTICIPATION IN THE LANZ CABINETS RETIREMENT PLAN

This notice provides important information relating to your participation in The Lanz Cabinets Retirement Plan ("the Plan") for the plan year that begins January 01, 2023.

Investment Information

HOW WILL MY PLAN ACCOUNT BE INVESTED?

The Plan lets you invest your account in a number of different investment options. As a Plan participant, you have the right to decide how to invest your account. **If you made an investment election with respect to your Plan account, the following information may not apply to you.**

Unless you choose or have chosen a different investment option, your Plan account may be invested in a default investment. Additionally, all of your future contributions to your account that you have not directed to a specific investment option in the Plan may be invested in this default investment. This default investment is known as the Qualified Default Investment Alternative (QDIA).

The Plan's default investment is the John Hancock Multimanager Lifetime Portfolio. For information about its investment objectives and policies, review the Target Date table below.

Generally, a Target Date Fund* is an investment option that automatically resets its asset allocations and associated risk levels over time with the objective of becoming more conservative (i.e. decreasing risk of losses) as it approaches the target date. The target date is the year in which investors in the investment option plan to retire and no longer make contributions. The asset mix is comprised of a combination of investment products, like stocks or bonds.

*A Target Date Portfolio ("Fund") is a target date "fund of funds" which invests in a number of underlying funds. The Fund's ability to achieve its investment objective will depend largely on the ability of the sub-adviser to select the appropriate mix of underlying funds and on the underlying funds' ability to meet their investment objectives.

WHAT TARGET DATE FUND WAS SELECTED FOR ME?

The name of each Target Date Fund includes the name of the target date, also referred to as retirement date. And your contributions will be invested in the Target Date Fund that corresponds to or is closest to the year in which you attain the age of 67.** However, if a date of birth is not provided to John Hancock, you will be defaulted into the most conservative investment option in the suite of Target Date Funds.

Investment Option Name	Retirement Year Ranges Based on Age 67	Objective for Investment Option
JH Multimanager 2065 Lifetime	2063-2067	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.
JH Multimanager 2060 Lifetime	2058-2062	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.
JH Multimanager 2055 Lifetime	2053-2057	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.
JH Multimanager 2050 Lifetime	2048-2052	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.
JH Multimanager 2045 Lifetime	2043-2047	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.
JH Multimanager 2040 Lifetime	2038-2042	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.
JH Multimanager 2035 Lifetime	2033-2037	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.

Investment Option Name	Retirement Year Ranges Based on Age 67	Objective for Investment Option
JH Multimanager 2030 Lifetime	2028-2032	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.
JH Multimanager 2025 Lifetime	2023-2027	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.
JH Multimanager 2020 Lifetime	2018-2022	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.
JH Multimanager 2015 Lifetime	2013-2017	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.
JH Multimanager 2010 Lifetime	2012 or earlier	Seeks high total return through its' target retirement date, with a greater focus on income beyond the target date.

**The Target Date Fund that corresponds to or is closest to the year in which you attain age 67 is determined based on the Target Date Funds that were available on the date of your first default investment. Your account balance in the Plan and all future contributions will be invested in such Target Date Fund until you provide investment directions for your Plan account, regardless of whether a Target Date Fund later becomes available that is closer to the year in which you attain age 67. Please refer to your quarterly participant statement to confirm the Target Date Fund in which your Plan account is invested.

Note: Even if some or all of your account is invested in the QDIA, you have the continuing right to direct the investments of your account in one or more of the investment options available to you under the Plan. If you decide to direct your investments, your transfer from the QDIA is not subject to any restrictions, transfer fees or redemption fees during the first 90 days of after the date of your first investment in the QDIA; however, other types of investment related fees (such as the investment option's Total Annual Operating Expenses) may still apply. After such time period, your investment in the QDIA will be subject to the same restrictions, fees and expenses as are applicable to other participants who affirmatively elect to invest in the QDIA. For information about the types of fees associated with the investment option, review the "404a-5 Plan & Investment Notice".

WHERE CAN I LEARN MORE ABOUT MY INVESTMENT OPTIONS?

For more information about the Plan, the default investment option, as well as a listing of all of the investment options available under the Plan, review the enclosed "404a-5 Plan & Investment Notice". It is comprised of two sections. Below is an overview of each:

General Plan Information:

- General operational and identification information about the Plan, like how to make investment elections;
- Information on the administrative expenses that are deducted from your account to pay for services like record keeping and consulting; and
- Information on the individual fees that may be deducted from your account if a particular service is used.

Investment Comparative Chart:

- A link to a glossary to help you understand commonly used investment terms;
- Year-to-date and average annual total returns for each Fund, along with appropriate benchmark for comparison purposes;
- The type or category of the investment (e.g., equity, bond, other);
- Total Annual Operating Expenses, also known as expense ratio, expressed as both a percentage of assets and a dollar amount per \$1000 invested;
- Shareholder type fees (e.g., redemption fees); and
- Access to the Fund sheet through a specific URL that is listed under the name of each investment option. (Simply enter the website address into your browser to access the information.)

MAKING CHANGES TO YOUR INVESTMENTS

If you decide that you want to invest your account differently than described above, you may move all or any part of your account balance to other investment options offered under the Plan. To access and update your account information or to make changes to your investments, go to John Hancock's participant website: <https://www.jhpensions.com>. There, you can also access information on all the investment options available under the Plan from the "Investment Options" page, including Fund sheets and an electronic version of the enclosed "404a-5 Plan & Investment Notice". You can also call the John Hancock toll-free line at 1-800-395-1113 (or 1-800-363-0530 for Spanish).

IMPORTANT CONSIDERATIONS WHEN MAKING INVESTMENT DECISIONS

When making investment decisions, it is important to carefully consider your personal circumstances, current savings, monthly earnings and retirement lifestyle goals and risk profile. The principal value of your investment in any investment option, as well as your potential rate of return, is not guaranteed at any time. Also, neither asset allocation nor diversification ensures a profit or protects against a loss. Investment options can suffer losses at any time, and there is no guarantee that any investment option will provide adequate income at and through your retirement. Also, past performance is no guarantee of future results.

To obtain group annuity investment option Fund sheets and prospectuses for each sub-account's underlying investment vehicle call 1-800-395-1113. These documents contain complete details on investment objectives, risks, fees, charges and expenses as well as other information about the underlying investment vehicle, which should be carefully considered. Please read these documents carefully prior to investing.

The term "Funds", refers to sub-accounts investing in underlying mutual funds, offered to qualified retirement plans through a group annuity contract. There can be no assurance that either a Fund or the underlying funds will achieve their investment objectives. A Fund is subject to the same risks as the underlying funds in which it invests, which include the following risks. Stocks can decline due to market, regulatory or economic developments. Investing in foreign securities is subject to certain risks not associated with domestic investing such as currency fluctuations and changes in political and economic conditions. The securities of small capitalization companies are subject to higher volatility than larger, more established companies. High Yield bonds are subject to additional risks such as the increased risk of default. For a more complete description of these risks, please review the underlying fund's prospectus, which is available upon request.

John Hancock Life Insurance Company (U.S.A.) (John Hancock USA) and John Hancock Life Insurance Company of New York (John Hancock New York) are collectively referred to as "John Hancock".

The content of this document is for general information only and is believed to be accurate and reliable as of posting date but may be subject to change. John Hancock does not provide investment, tax, plan design or legal advice. Please consult your own independent advisor as to any investment, tax, or legal statements made herein.

Group annuity contracts and recordkeeping agreements are issued by: John Hancock Life Insurance Company (U.S.A.) ("John Hancock USA"), Boston, MA (not licensed in New York) and John Hancock Life Insurance Company of New York ("John Hancock NY"), Valhalla, NY. Product features and availability may differ by state. John Hancock USA and John Hancock NY each make available a platform of investment alternatives to sponsors or administrators of retirement plans without regard to the individualized needs of any plan. Unless otherwise specifically stated in writing, John Hancock USA and John Hancock NY do not, and are not undertaking to, provide impartial investment advice or give advice in a fiduciary capacity.

404a-5 Plan & Investment Notice

THE TRUSTEES OF LANZ CABINETS RETIREMENT PLAN

As of November 17, 2022

This disclosure statement contains important information regarding your retirement plan that we, as Plan Sponsor, are required to provide under ERISA Reg. section 404a-5. You are receiving this disclosure because you are eligible to participate in the plan or you have the right to direct the investment of an account under the plan. In this document, you will find information about how the plan works, the expenses that may be charged, and information that will help you make informed decisions when selecting and managing the investment of your account.

General Plan Information

The following provides an explanation of how you may direct investments in the Plan and outlines the restrictions and policies that apply to the investment options available under your Plan:

HOW TO PROVIDE YOUR INVESTMENT INSTRUCTIONS

You can direct your Plan investments using any of the following:

- Enrollment form
- Investment change form
- Participant website at myplan.johnhancock.com
- Participant services toll-free line at 800-395-1113 or 800-363-0530 for Spanish

You may direct the investment of the funds held in your plan account to any of the investment options outlined in the attached Investment Comparative Chart.

TIMELINES REGARDING YOUR INVESTMENT INSTRUCTIONS

Investment Instructions:

- Can be given using the options outlined above.
- Can be given at any time unless you are provided an addendum that states restrictions on the times at which you may provide investment instructions.
- Are generally processed on the same business day, provided they are received by John Hancock before 4 p.m. EST (or before the New York Stock Exchange closes, if earlier). If received on or after 4 p.m. EST, they will be processed the next business day.

SHORT-TERM TRADING POLICY

Changes to your investments under your qualified retirement plan account are subject to the following short-term trading guidelines of John Hancock and may be cancelled if not within these guidelines:

- Investment exchanges can be made up to a maximum of two exchanges per calendar month.
- In the event that there may be extreme market or personal circumstances requiring you to make an additional change, you may move 100% of your assets to the Money Market Fund after the exchange limit has been reached; no subsequent exchanges may be made for 30 days. Once the 30-day hold has expired, you can then trade again in accordance with the above guideline.
- At the request of the fund company of an underlying fund, and as outlined in their prospectus, the following additional restrictions may be imposed on your account, including but not limited to:
 - Applying redemption fees and/or trade restrictions which may be more restrictive than the above guidelines,
 - Restricting the number of exchanges made during a defined period,
 - Restricting the dollar amount of exchanges,
 - Restricting the method used to submit exchanges (i.e. requiring exchange requests to be submitted in writing via U.S. mail),
 - Restricting exchanges into and out of certain investment options.

REDEMPTION FEES

An underlying mutual fund may apply a redemption fee or other fee for certain investment transfers.

- This fee is deducted from your account.
- For a list of the funds that have redemption fees, refer to the Investment Comparative Chart or go to the investment options tab at myplan.johnhancock.com for the most recent listing.

RESTRICTIONS REGARDING INVESTING IN THE GUARANTEED INTEREST ACCOUNTS

If you choose to invest in a Guaranteed Interest Account, the following restrictions apply:

- In each reporting year, you may transfer at book value up to 20% of your opening account balance of each Guaranteed Interest Account to any investment option outlined in the Investment Comparative Chart on the following dates Feb 1, May 1, Aug 1, Nov 1. All transfers from any Guaranteed Interest Account to the Money Market Fund may be subject to a Market Value Adjustment (lesser of book or market value).
- Any transfer that is in excess of the 20% limit (and any Guaranteed Interest Account transfer made on a date other than the dates specified above) may be subject to a Market Value Adjustment (lesser of book or market value).
- A market value formula will apply to the following withdrawals which may result in a Market Value Adjustment (lesser of book or market value):
 - Plan Discontinuances
 - In-service Withdrawals
 - Pre-retirement withdrawals at 59 1/2
 - Withdrawals of employee voluntary (after-tax) monies
- Hardship Withdrawals issued from the Guaranteed Interest Accounts will be at book value.
- For questions or more details on whether a market value adjustment will be applied, call the John Hancock participant services toll free line at 800-395-1113 or 800-363-0530 for Spanish.

Note: Transfers between Guaranteed Interest Accounts (e.g. 3-yr to 5-yr) are not permitted.

DESIGNATED INVESTMENT ALTERNATIVES

Your Plan provides designated investment alternatives into which you can direct the investment of your account balance.

- For a full listing of these Funds, including applicable important information, refer to the attached Investment Comparative Chart.
- A listing of the Funds available for selection can also be accessed under the investment options tab on the Participant website at myplan.johnancock.com.

Administrative Expenses

The following administrative charges are applied to your account for services related to the operation of the plan. Percentage-based expenses shown below are annual charges which will be converted to a monthly rate and applied to your month-end account balance (i.e. calculated on a '**pro-rata**' basis). Dollar-based expenses are annual amounts which will be converted to a monthly charge unless specified otherwise (i.e. calculated on a '**per participant**' basis). Expenses that are actually deducted from your account will appear on your quarterly benefit statements.

- Your plan has engaged John Hancock to provide record-keeping services such as educational resources, transaction processing, investment platform, quarterly statements and website tools. Charges will be applied to your account as follows: 0.33%* on a pro-rata basis.

* Charges may fluctuate based on the total assets in the plan, according to a pre-set fee schedule and other conditions agreed to by your plan sponsor and John Hancock.

- The ongoing administration and management of your plan requires additional services such as fund selection and monitoring, consulting, plan compliance, plan reporting, and other administrative services. Charges will be applied to your account as follows: 0.34% on a pro-rata basis .

If you have any questions, please contact your plan sponsor.

Individual Expenses

The following transaction fees apply. These fees will be deducted from your account at the time the transaction is processed. Fees deducted from your account will appear on your quarterly benefit statements.

As of November 17, 2022 the fees listed below apply if you use any of the services or features below:

Fee Type	Amount	Special Notes

Investment Comparative Chart

THE TRUSTEES OF LANZ CABINETS RETIREMENT PLAN

This document includes important information to help you compare the investment options available under your retirement plan. If you would like to receive additional investment-related information about any of the investment options listed below - including performance data and the option's principal risks - go to the Fund's corresponding website address (shown in the table) or to myplan.johnhancock.com. To obtain more information, or to receive a paper copy (at no cost) of the information available on the websites, contact MICHAEL GANDY at (541) 485-4050 and 3025 W. 7TH PLACE, EUGENE, OR, 97402

DOCUMENT OVERVIEW

This document is comprised of two sections; Performance Information and Fee and Expense Information.

Performance Information

This section outlines your retirement plan investment options, how they have performed over time and allows you to compare with an appropriate benchmark for the same time period. Benchmark returns are shown for comparative purposes only. Benchmark returns represent the performance of market indices, which cannot be invested in directly, and their returns are calculated without taking into account any investment fees and/or expenses. Hypothetical Returns are shown in bold.

The data presented represents past performance and does not guarantee future performance. Current performance may be lower or higher than the performance quoted. An investment in a sub-account will fluctuate in value to reflect the value of the sub-account's underlying securities and, when redeemed, may be worth more or less than original cost. Performance does not reflect any applicable contract-level or certain participant-level charges, or any redemption fees imposed by an underlying mutual fund company. These charges, if included, would otherwise reduce the total return for a participant's account. Participants can call 1-800-395-1113 or visit myplan.johnhancock.com for more information.

Fee and Expense Information

This section shows fee and expense information for the investment options available under your contract. Total Annual Operating Expenses and Shareholder-type Fees (if applicable) are outlined as they relate to each investment option. Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option. It is important to understand that the investment rate of return, as set out in the Performance Information section, is calculated net of the Total Annual Operating Expenses of the investment option. However, such returns do not take into account any applicable Shareholder-type fees, which are in addition to the Total Annual Operating Expenses of the investment option.

The Total Annual Operating Expenses ("TAOE") is made up in part by the expenses of the underlying fund based on the underlying fund's expense ratios reported in the most recent prospectuses available as of the date of printing; "FER"). The underlying fund is the mutual fund, collective trust, or exchange traded fund in which the sub-account invests. § The underlying fund of this sub-account has either waived a portion of, or capped, its fees. The TAOE is that of the sub account and reflects the net expense ratio of the underlying fund after such expense waiver or cap is applied. Please see the Fund Sheet for details, including gross expenses.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's website for an example showing the long-term effect of fees and expenses at <https://www.dol.gov/sites/default/files/ebsa/about-ebsa/our-activities/resource-center/publications/maximize-your-retirement-savings.pdf>. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

The current 7-day yield is 2.95% as of the performance date indicated above. The current yield quotation more closely reflects the current earnings of the Money Market Fund as of the date this report was prepared while the Annualized returns above refer to a specific past holding period reflecting the period covered by this report. Although the fund strives to maintain a positive yield, there is no guarantee the fund will be able to do so. The subaccount's actual current yield may be lower or higher than that of the underlying trust. An investment in the underlying Money Market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The underlying fund seeks to preserve a value of \$1.00 per share but it is possible to lose money by investing in the Money Market Fund that invests in the underlying fund. The Sponsor of the underlying fund has no legal obligation to provide financial support, and you should not expect that the Sponsor will provide financial support to the underlying fund at any time.

FIXED RETURN INVESTMENTS

The table below focuses on the performance as well as the fees and expenses of investment options that have a fixed or stated return. The table also shows the annual 'new money' rate for each Guaranteed Interest Account, the term or length of the option, and other information relevant to performance.

Name/Type of Option	Return	Term	Other	Total Annual Operating Expenses as of 10/31/2022		Shareholder-Type Fees
				As a %	Per \$1,000	
C 3-Year Guaranteed (3YC) ^{66,71,78,83,142,143,166,239} Three Year Guaranteed Interest Account http://www.viewjhfunds.com/usa/C00/giaa/index.html	1.00% as of 11/01/2022	3-year	"Return" shown represents the annual interest rates that is established on the first day of the month indicated. That interest rate is applied to all contributions made to the account in that month. John Hancock may adjust the rate of return prospectively, as each month, a new rate is declared and applied to contributions made that month. You may call 1-800-395-1113 to obtain the most recent rate. At the end of each reporting year, a "composite interest rate" is determined. The composite interest rate is a dollar-weighted average rate of all contributions to that Guaranteed Interest Account during that reporting year. A separate composite interest rate is calculated for each GIA term and each reporting year, if applicable. For example, separate composite interest rates would be calculated for deposits made to the 3-year and 10-year GIAs. Further, separate composite interest rates would be calculated for the 3-year GIAs from one reporting year to another. The GIA balance will continue to earn that reporting year's composite interest rate until the end of the guaranteed term. Participants with assets in a Guaranteed Interest Account can obtain more information on the composite interest rate that applies to their account by calling Participant Services at 1-800-395-1113 or viewing their most current Participant Statement.	N/A	N/A	Transfers between a Guaranteed Interest Account and other investment options (except for transfers between Guaranteed Interest Accounts) may be permitted (at book value) under the terms of your plan's contract with John Hancock. Some conditions apply, including limitations as to permitted transfer dates, noted on your quarterly statement, if applicable. Transfers that are initiated on dates other than those specified in the contract may be subject to a market value adjustment. Similarly, withdrawals taken from Guaranteed Interest Accounts prior to the end of the guarantee period, may be subject to a market value adjustment. Book value transfers are subject to an annual 20% book value transfer limit for each Guaranteed Interest Account balance. Transfers in excess of this limit are made at the lesser of book and market value.
C 5-Year Guaranteed (5YC) ^{66,71,78,83,142,143,166,239} Five Year Guaranteed Interest Account http://www.viewjhfunds.com/usa/C00/giaa/index.html	1.10% as of 11/01/2022	5-year		N/A	N/A	
C 10-Year Guaranteed (10YC) ^{66,71,78,142,143,166,223} Ten Year Guaranteed Interest Account http://www.viewjhfunds.com/usa/C00/giaa/index.html	1.20% as of 11/01/2022	10-year		N/A	N/A

IMPORTANT NOTES

The performance data for a sub-account for any period prior to the sub-account Inception Date is hypothetical based on the performance of the underlying investment since inception of the underlying investment. All other performance data is actual (except as otherwise indicated). Returns for any period greater than one year are annualized. Performance data reflects changes in the prices of a sub-account's investments (including the shares of an underlying mutual fund or collective trust), reinvestment of dividends and capital gains and deductions for the expense ratio.

*Your company's qualified retirement plan offers participants the opportunity to contribute to investment options available under a group annuity contract with John Hancock Life Insurance Company (U.S.A.) (John Hancock USA). These investment options may be sub-accounts (pooled funds) investing directly in underlying mutual funds, or they may be Guaranteed Interest Accounts.

The Funds offered on the JH Signature platform are classified into five risk categories. The risk category in which a Fund is placed is determined based on where the 10 year Standard Deviation (defined below) of the underlying fund's Morningstar Category falls on the following scale: if the 10 year Standard Deviation of the underlying fund's Morningstar Category is 17.00 or higher, the Fund is classified as "Aggressive;" between 11.50 and 16.99 as "Growth;" between 6.50 and 11.49 as "Growth & Income;" between 2.50 and 6.49 as "Income;" and 2.49 and below as "Conservative." If a 10 year Standard Deviation is not available for a Morningstar Category, then the 5 year Standard Deviation of the underlying fund's Morningstar Category is used to determine the Fund's risk category. If a 5 year Standard Deviation is not available for a Morningstar Category, then the 5 year Standard Deviation of the underlying fund's Morningstar Category Index is used to determine the Fund's risk category. Standard Deviation is defined by Morningstar as a statistical measurement of dispersion about an average, which, for an underlying fund, depicts how widely the returns varied over a certain period of time.

¹Index Performance: Index performance shown is for a broad-based securities market index. Indices are unmanaged and cannot be invested in directly. Index returns were prepared using Morningstar, Inc. software and data. The performance of an Index does not include any portfolio or insurance-related charges. If these charges were reflected, performance would be lower. Past performance is not a guarantee of future results.

¹²This sub-account was introduced April 30, 2001.

¹³The total revenue John Hancock receives on this Fund is higher than those advised or sub-advised exclusively by unaffiliated entities. John Hancock and its affiliates provide advisory and/or sub-advisory services for the underlying

fund. For these services, John Hancock and its affiliates receive additional fees which are included in the underlying fund expense ratio (i.e. Fund Expense Ratio or FER).

²⁹This sub-account was introduced August 21, 2000.

³⁴This sub-account was introduced September 6, 2002.

³⁶This sub-account previously invested in a different share class of the same underlying portfolio. It began investing in the current share class effective on or about May 10, 2010. Performance shown for periods prior to that date is based on the performance of the current share class.

³⁸This sub-account was introduced May 2, 2003.

³⁹This sub-account was introduced May 14, 2004.

⁴⁵The portfolio concentrates its investments in high yield/high risk fixed income securities, also known as junk bonds, which carry a much greater risk of default and tend to be more volatile than higher rated bonds.

⁵³This sub-account was introduced on or about May 6, 2005.

⁶⁴This sub-account previously invested in a different share class of the same underlying portfolio. It began investing in the current share class effective on or about November 8, 2010. Performance shown for periods prior to that date is based on the performance of the current share class.

⁶⁶Effective November 5, 2012, these Funds will no longer be available to New Business. Please contact your John Hancock representative for more details.

⁷¹Only available under certain limited circumstances. Consult your John Hancock representative for more information.

⁷⁶Indexes are unmanaged and the performance of an index is not an exact representation of any particular investment, as you cannot invest directly in an index. Like all mutual funds, index funds are subject to market risks and will fluctuate in value. Index funds are designed to track the performance of its target index but may underperform due to fees, expenses or tracking errors. These investments are not actively managed and do not necessarily attempt to manage volatility or protect against losses in declining markets.

None of the index funds are sponsored, endorsed, managed, advised, sold or promoted by any of the respective companies that sponsor the broad-based securities market index, and none of these companies make any representation regarding the advisability of investing in any index mutual fund.

⁷⁸Guaranteed Interest rates shown are gross ARA rates and assume the issuance of a contract at the beginning of each period shown. Actual return may vary depending on the administrative expense and, if applicable, the Sales and Service fee for the contract. The sales and service fee for the contract is the same as that shown for the sub-accounts under the contract. For regular ongoing contributions, interest rates are published at the beginning of each month and apply to all such contributions in that month. For other types of contributions, interest rates may change during the month. An investment in a guaranteed interest account is not insured or guaranteed by The Federal Deposit Insurance Corporation or any other government agency. Although the guaranteed interest accounts seek to preserve the value of an investment, it is possible to lose money by investing in these portfolios. Guaranteed interest rates are based upon the claims paying ability of the issuing company.

⁸³This investment option is deemed a "Competing" investment option with the John Hancock Stable Value Fund and may not be available. An investment in this portfolio is not insured or guaranteed by The Federal Deposit Insurance Corporation or any other government agency. Although the underlying portfolio seeks to preserve the value of an investment, it is possible to lose money by investing in this portfolio.

⁸⁷This sub-account was introduced November 5, 2010.

⁹¹The underlying John Hancock Variable Insurance Trust portfolio is not a retail mutual fund and is only available under variable annuity contracts, variable life policies or through participation in tax qualified retirement plans. Although the portfolios' investment adviser or sub-advisers may manage retail mutual funds with similar names and investment objectives, no representation is made, and no assurance is given, that any portfolio's investment results will be comparable to the investment results of any other fund, including other funds with the same investment adviser or sub-adviser. Past performance is no guarantee of future results.

⁵The Total Annual Operating Expenses ("TAOE") is made up of John Hancock's (i) "Revenue from Sub-account", and (ii) the expenses of the underlying fund (based on expense ratios reported in the most recent prospectuses available as of the date of printing; "FER"). The underlying fund of this sub-account has either waived a portion of, or capped, its fees; the FER used to determine the TAOE of the sub-account that invests in the underlying fund is the net expense ratio of the underlying fund. Refer to the Fund Sheet for details.
